

Monday 6th April 2020

Dear parents/carers,

The Department for Education have asked schools to keep in regular contact with parents and carers during the government lockdown restrictions.

At the moment at St. Peter's, this has been through a weekly newsletter, but we feel that more regular and personal contact should be made with you during this time.

There would normally have been the Spring Term parents' evenings, for example – and I know that many of you see you child's class teacher on a daily basis when school is running normally.

From this week, your child's class teacher will get in touch with you by phone-call or email, as a way of continuing regular and meaningful contact with parents and carers.

We hope that you will find this improved contact helpful. We will be covering things to do with your child's learning, as well as their health and wellbeing – and that of your family. We don't wish to be intrusive, but we know that this is a challenging time for everyone and feel that school should continue to support you and your children as well as we can.

As well this letter, a copy of the contact questions will be placed on the school website, so that you can all see the areas that we hope to work on together.

Finally, I would like to continue to wish all of you my best wishes to keep safe and well.

Yours sincerely,
Jonathan Fish
Head Teacher
