Dear Parents/Carers

COVID risk assessment

In light of the government announcement, all of our measures of controls will stay the same for the foreseeable future. Fingers crossed for some relaxation of the rules on 19th July but until then, can I please remind you to wear a face covering whilst on site and maintain social distancing.

Telephone calls from school

I would like to remind parents that if we ever do have to call you, we will try to ensure that it is a familiar member of staff that speaks to you. If you are in any doubt to the genuineness of any call, claiming to be from the school, please hang up and ring the school directly.

Outdoor Learning Week 21/6/21 – 25/6/21 & Environmental Awareness Day 2/7/21

A big thank you to Miss Brown (our Outdoor Learning Lead) who has organised a number of workshops and activities to take place during these themed events. Our staff have planned a number of outdoor activities for their classes too. We are determined not to let anything get in the way of us enjoying the great outdoors, so please ensure that your child is protected whatever the weather next week!

Classes next year

I appreciate that we are holding our transition events late on in the year (please see previous letter) so we will be writing to you before this time to inform you about who your child's class teacher will be before the transition day occurs.

Ordering lateral flow test kits

If you would like to order some COVID home testing kits, please contact the office on 01924 663641.

Have a wonderful weekend

Kind regards,

Michelle Wiggins

Headteacher
