

Tuesday 18th May, 2021

Dear Parents/Carers,

Yr1 – Stanley Marsh Walk

This term in Biology, Year 1 have been learning about plants - from garden plants to wild plants and the children have absolutely loved it!

To end our science unit this half term, I have planned an exciting trip to Stanley Marsh on Thursday 27th May 2021.

This will provide the children with the opportunity to explore and identify plants outside of the school grounds.

Please send your child to school with wellington boots (in a bag) and ensure that they have an adequate coat for our trip, just in case the weather is wet and the marsh is muddy. As we all know, the British weather can be unpredictable!

Kind regards,

Miss S Cawthray

Class teacher
