Dear Parents/Carers

As you are aware, attendance is mandatory from Monday and so we do expect to see all children back in school (unless they are following shielding guidance). If you have any worries or concerns about their return, please read our updated risk assessment which is now on our website here <https://primarysite-prod-sorted.s3.amazonaws.com/stanley-st-peters-church-of-england-vc-primary-school/UploadedDocument/59bcc170a534411ba1143b049f4a9e8e/ssp-risk-assessment-v6.pdf> or contact me on mwiggins@stanleystpeters.co.uk or via telephone and we can have a discussion.

Devices Loaned

If you loaned an iPad, Chromebook or Laptop from school during lockdown, please ensure that you return these on **Monday, 8th March** (the first day back at school) as these devices will be required for use by the children during the school day.

As a school we invested over £13,000 of our capital budget to purchase new devices (we did receive a small number of devices from the DfE too) and so I hope you can appreciate that we need to protect that investment and ensure that they are all returned.

Reminders for parents

- Please ensure that only **one** parent enters onto the playground at drop off and collection times and please ensure that your children arrive on time (neither early or late. If children arrive late you may be asked to leave and come back once everyone has safely entered school).
- All parents (unless medically exempt) are required to wear face coverings whilst on our premises.
- Please do **NOT** congregate at the gate, enter the site and ensure that you are socially distanced.
- As soon as the member of staff appears on the playground to supervise the children in the line, please leave the site.

May I remind you that if your child (or any member of your household) has one or more of the following main COVID symptoms:

- a high temperature – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- a new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- a loss or change to your sense of smell or taste – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal.

The whole household should self-isolate and you should book a test for the affected person only. Details of how to book a test are on our website.

Have a great weekend everyone and we will see you on Monday.

Kind regards,

Michelle Wiggins
Headteacher
